

Dear friends,

I am sure that many of you are aware that I have not spent a lot of time at the office lately.

I had a medical issue and after many weeks of anguish and anxiety, it was decided I would travel to the UK in order to undergo an operation.

I was accompanied by my wife and my parents, who stayed with me during the operation and recovery in the UK. The operation was successful and the UK doctors were excellent. After consultation with my UK doctors it was agreed that I could return to Cyprus to recover.

This however was not the end of my treatments as my doctors advised me I would have to undergo further treatment as a precautionary measure, and therefore every day for the next 6-8 weeks I travelled to Nicosia for this purpose.

Although this has taken a great toll on my family, my business has expanded.

I would therefore and with great pride, like to thank all my colleagues at A&G Kouzali Law Office, (for doing such an amazing job in my absence), associates, colleagues and our friends all over the world for their support. I could not have asked for a better team to represent me. We are and always will be a family and a force to be reckoned with.

I would also like to thank each and every client for their patients and understanding and most of all their support and loyalty.

I am 100% recovered and I have completed all the necessary treatments, that my doctors advised and I am truly thankful and feel that God was watching over me. I feel this is a true blessing from God.

Now I am back!

I am going to make a very big and serious promise to all of the loyal individuals that have stood by me in my time of need.

A&G KOUZALI LAW OFFICE is going to be bigger and better than ever before. We are going to be the most hardworking, efficient and prestigious Lawyers in Cyprus. You will be proud to be associated with our company.

Thank you to all my colleagues, associates, friends and you my distinguished clients.....from the bottom of my heart.

Your Friend

Giovanni Kouzalis
